BOP needs 3,440 square feet for pool

By Janice Harrington

The Build Our Pool Society has announced that the sale of only 3,440 square feet through their square foot fundraiser will complete the pool, whirlpool, steam room and water slide for the February grand opening of the Didsbury Aquatic Leisure Centre.

BOP President Lance Plewis said BOP volunteers are working hard to get the news out that less than 3,500 square foot purchases will net Didsbury a pool with all the amenities.

"If people just know that it will only take that many, I really think they will pitch in and help out," Plewis said. "We just need to sell one square foot to every person in Didsbury and the pool will be done."

Currently BOP has only \$31,400 in revenues raised over the last two years. Close to \$178,000 is needed to complete all phases of the pool as were planned for in the design.

Plewis said the contractor has been given the go ahead to build the basic structure for the whirlpool area. More money is needed to purchase the motor assembly to make the whirlpool work. The contractor needs the go ahead from BOP to begin the water slide and steam room work by November 30.

Plewis said BOP has already sold close to 40 square

feet through the fundraising project. He said 90 percent of the purchases have been made by seniors in town.

The Society is hoping other town residents will pick up enthusiasm for the project and also purchase one or more square feet.

"We have had a lot of support from the rural community as well," Plewis said. "I'm really hoping that they will see this as a chance to contribute because they get to use the facility but don't have the chance to help out through taxes."

Each purchase of a square foot gains the buyer a plaque to be permanently secured on a wall within the leisure facility. Each plaque, inscribed with any message, will remain as a tribute for the purchaser's help with the pool's construction.

Plewis said BOP hopes to at least raise enough funds to pay for the whirlpool by the time the pool officially opens in February. Cost to complete the steam room, which is basically just for the steam generator as the room itself is included in the basic pool design, is only \$15,000. The water slide, likely the largest tourist type draw for the pool, will cost \$138,000.

"Once people see how close we are, how easy it is to actually finish the whole thing off, I'm sure they will want to

get involved," Plewis said. "Like I said before, if each per-

son in Didsbury bought a square foot, we could have this

great pool, instead of having to wait to get it all done."

A bell ringer

Retired school teacher Helen Brown got the honor to ring the school bell this weekend at an official ceremony put on by the Didsbury and District Historical Society. The Society renovated the bell tower in the old brick school which houses the museum and returned the bell to its old home. Brown, pictured with Society President Arleen Douglas, taught at the school.

Lest we forget

Remembrance Day services for those who fought valiantly for our country will be held Wednesday, November 11 at the Didsbury Memorial Complex.

The service will begin at 10 a.m. with the entrance of the color party and will include invocation, scripture reading, an address by Reverend John Orman and most especially—the reading of the honor roll.

Wreaths will be laid in memory of those who died fighting for our country by the province, the Royal Canadian Legion, the county, the town, both boys' and girls' scouting troupes and the Cadets and others who wish to lay wreaths are also invited to do so.

Remembrance Day is a federally legislated day set aside to honor and remember those whose lives were lost in World War I, World War II and the many other peace keeping missions undertaken by the Canadian military.

At The Kitchen Table

by
Noreen
Olson

Reproduction of this article
is not permitted without
permission of the publisher

In the old house there were books everywhere. Children's books, old school books, humor and science fiction upstairs in the playroom, novels on dressers and shelves in every bedroom, encyclopaedia in the dining room, reference books flanking the TV. Books tumbling off of filing cabinets and coffee tables, stacked under the cedar chest and crowding guests out of the guest room.

The first permanent structure in the new house was book shelves. The first things moved were the books.

Anyone could, and did, carry the books over. Even unsuspecting neighbors were given an arm load. But I alone arranged them on their new shelves, because I had to know where everything was and it's only by dint of great self control that I am not there still, browsing, petting and re-arranging. It was the best part of the moving process.

Some of the oldest and most interesting of the school books were from my Aunt Georgia. *ELEMENTARY AGRICULTURE FOR ALBERTA SCHOOLS*, authorized by the Minister of Education, copyright 1915. It is a very sensible book with lots of information that's relevant today. It's divided into five sections, Soil, Plants, Tillage, Crops, and Types of Breeds of Farm Animals. Over a picture of a fine big Percheron, some kid has written, "Jarvis saddlehorse" so one can assume that in about 1915 the Jarvis kids had a pretty sturdy pony. Over a picture of cauliflower, the same child has written, "Jennie's flower patch where she passes many happy hours away." Another note says, "Can they skate? is the ice alright?" And yet another, "Jessabell [sic] Hula Dancer Mattern." For Baptist kids in 1915 those must have been almost swear words.

THE DOMINION SCHOOL ARITHMETIC (price \$.25¢) and designed for grades 4 and 5, was copyrighted in 1908. Bear in mind that these kids had never seen a calculator and try to solve this problem on page 136.

What will it cost to put a close board fence around the school grounds, if the fence is 5 ft. high and lumber costs \$18 per M, the posts and scantling costing 1/5 as much as the boards, the grounds being 8 rd. wide by 20 rd. long?

Or this little gem on page 132.

To drain a swamp the township council had a ditch dug 1 mi. long, 3 ft. deep, 6 ft. wide at the surface and 4 ft. wide at the bottom. Find the total cost at \$.09¢ per cubic yard.

I am glad I wasn't taking arithmetic in 1910. I'd still be in grade 4.

I have only one *ALEXANDRA READER* (\$.20¢, 1911) and I'm sorry to say it's in very bad shape. "Shike-poke, Shike-poke" someone has written on the front page, whatever that means, and under a picture of the Union Jack the same child has written "the stars and stripes forever." I wonder if that is a political statement or just poor flag identification.

ELEMENTARY BOTANY FOR BEGINNERS looks very complicated to me. The original owner of the book must have been old enough for advanced botany, with pen and ink he has changed the title to read, "Elementary Botanical Matrimony for Beginners" and on the facing page he has written a wedding announcement. "United in holy matrimony Harold Clark and Margaret Hills, June 29, 1919 at 8:30 p.m."

SHORTER POEMS has my husband's name in it and not much in the way of graffiti. He was such a nice child. It also has old favorites, "The Lady of Shalott", "The Highwayman" and Pauline Johnson's "The Song My Paddle Sings." In a recent newspaper someone is asking for the words to Pauline Johnson's "Paddle Your Own Canoe." Aaargh!

Julien, my husband's brother, was not above such foolishness. In *ENGLISH LITERATURE*, he has written his full address: J. Olson, Garfield, Alberta, Canada, N. America, British Empire, New World, Western Hemisphere, The World, The Universe. He has also written out a joke . . . Why was the drop of ink sad? Because it's father was in the pen. Why didn't his father care if he was in the pen? Because he was only in for a short sentence.

STEPPING STONES TO LITERATURE, copyright 1897, and a darling little book. On the flyleaf someone has written, "In the golden chain of friendship regard me as a lynx."

I don't know who the lynx was but isn't it nice that almost 100 years later we still have this link? And I think I can be excused for taking so long to arrange the books.

**Got A Beef?
Write A Letter To The Editor!**

A little closer

BOP got \$500 closer to the goal of completing the swimming pool facility last week thanks to a donation from the Didsbury High School Student's Union and Athletics Department. The groups held a Halloween Dance and auctioned off some donated items to raise money for the pool. Lance Plewis, President of BOP, accepted the money from SU Athletics rep Curtis Mousseau.

Liberal sees red future

By Janice Harrington

Chances are good that the next provincial government will be formed by the Liberals.

That's the prediction of Liberal MLA Betty Hewes who travelled around the county last week as part of her regular "talk to the people" tour.

Hewes, who is the member for Edmonton Gold Bar and government critic on health, social services, women's and senior's issues, was in Didsbury last week talking to members of the town's FCSS board.

"I think the chances are very high that the next government will be a Liberal government," Hewes said. "I think people are fed up and we have spent a lot of time hammering away at legislative and fiscal reform."

Hewes, who also visited senior's at the Mount View Foundation Lodges in Carstairs and Olds as well as hospitals in the area, said she is encouraged by the recent election of Liberal MLA Don McDonald in the Three Hills riding.

"He is going to be a fine member," she said. "He brings a whole new dimension to our caucus group."

All the Liberal candidates who have recently been chosen to run in their respective ridings also give Hewes confidence about the upcoming provincial election.

"We have an excellent balance of candidates, an interesting sociological mix," she said. "I also find it interesting that all the leadership candidates for the Conservatives are voicing Liberal reforms. These people were all part of the cabinet that made the decisions, that took the pay increases. Now they are being hypocritical, speaking out of both sides of their mouths."

Away from election issues, Hewes said she supports the current health care reforms which have taken place under Health Care Minister Nancy Betkowski's administration.

"I think she is on the right track. Finally they realize that

increasing funds or cutting back programs won't do it. They are saving a penny now but are going to lose a pound in the long term."

Hewes said she would like to

see more health care facilities cooperate and share services rather than increasing the competition for ever decreasing government funds.

I UNDERSTAND SOME PEOPLE PRE-PLAN THEIR OWN FUNERALS: WHY DO THEY?

Three important reasons come to mind at once. Pre-planning permits free choice, makes one's wishes known, and does away with any possible disagreement among the bereaved as to what to do and how much to spend.

In effect, one eases the burden placed on the immediate family—in terms of both the proper course of action to follow and the peace of mind in knowing that arrangements have been made in advance.

Because we feel that this question may be of value to many residents in the community we serve, we're glad you asked.

We welcome your questions and comments on this and other subjects—in private or publicly through this column.

Distribution snag

The Didsbury Review is pleased to cooperate with the Didsbury Chamber of Commerce in ensuring that every resident in the areas of Didsbury, Carstairs, Cremona, Madden and Water Valley receive The Didsbury Review on November 3, 24 and December 1. This 'blanket' circulation has been arranged to promote the Mountain View Credit Union Christmas Cheque program and the Midnight Madness promotion. Unfortunately, every new idea seems to bring with it little snags and this type of blanket coverage means that Canada Post will put only one paper in each postal box. As a result, if you are a subscriber who shares a postal box with another subscriber, you will find only one paper in your mail box on November 24 and December 1.

If you find yourself in this situation, we sincerely apologize and ask that you contact our office so we can make special arrangements to get a second copy of The Review into your hands.

Thank you for helping us promote your community!
The Didsbury Review.

Fire Prevention

Local schools got into the spirit of fire prevention with the local fire department. Grade two classes toured the fire hall and winners of the departments' poster contest were treated to lunch, hats and pins. The winners pictured at top with FD members Ric Santfleben and Bob Wright are: Ashley St. Jean - grade 6, Rebecca Blakley - grade 4 and Melissa Kaye - grade 4.

OPINIONS/EDITORIAL

Just a few more

By Janice Harrington

It's quite embarrassing.

The Town of Sundre, with half our population, has managed to raise over \$200,000 in the last year towards the construction of a new indoor swimming pool.

Didsbury has only raised just over \$30,000 in two years for a similar project.

What does that tell you about Didsbury?

It is fortunate that a small group of people has continued to be enthusiastic about the construction of a new pool, or Didsbury would never have gotten to getting the blue prints completed. But unfortunately, this small group of people has burnt themselves out over the last year, working diligently to try and raise money. (An effort directed at keeping tax costs to a minimum.)

Fortunately again though, the costs to completely finish the new pool, water slide, steam room, whirlpool and all, are relatively minor and some calculations on the part of BOP, in conjunction with their new square footer fundraiser, has shown that only 3,440 square feet sold, at \$50 a piece, would finish off these plans in time for the grand opening of the pool in February.

Now the problem is getting people to buy.

BOP has done a great job of publicizing the pool and publicizing Didsbury for that matter. We need to take the matter in our own hands now and convince people to purchase each and every square foot needed.

It's not much, only \$50 each. And with Christmas coming, buying that square foot as a gift is a unique and longlasting present the receiver can remember as long as that building stands.

It's also a great way for all the businesses in Didsbury to show how much they want this town to survive and prosper.

Only 3,440 square feet.

We wouldn't want to be beat out by Sundre would we?

Everyone has got to realize that the money is not going to be handed to us by some government agency or rich oil company. They just don't have the money to disperse anymore. We have to do it ourselves or end up like Olds, going without because we are waiting for someone else to hand us the money to build the facilities we need.

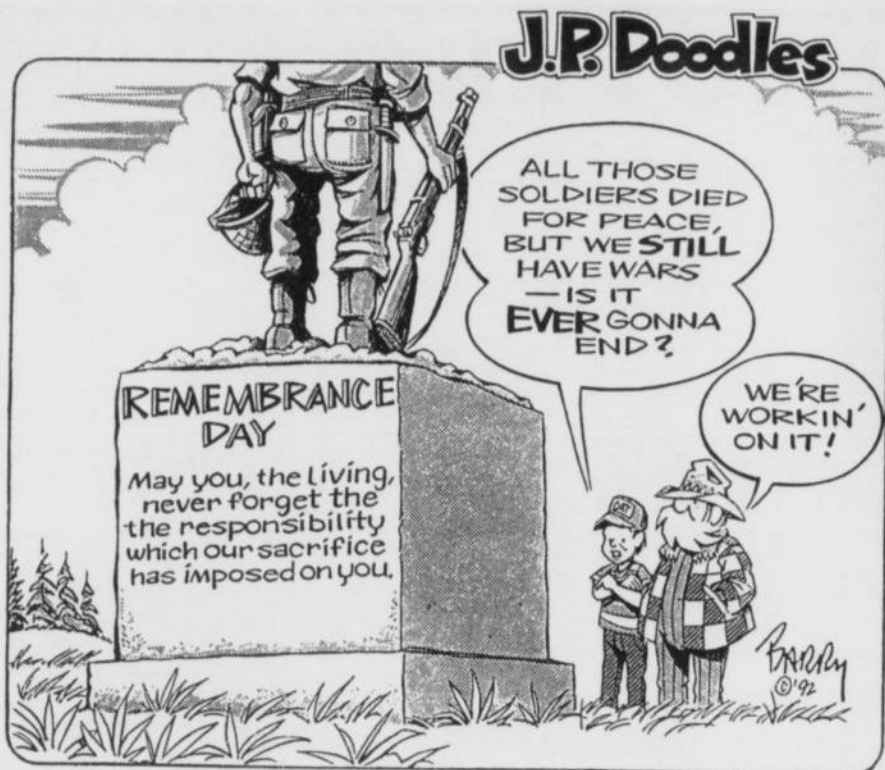

That's just not acceptable.

We went through the democratic process and the majority spoke. This town is going to have a pool. Let's show the rest of the province that regardless of original feelings on the pool, we can work together as a community and build a pool that will be the envy of other communities everywhere.

Quote Of The Week:

"The only animal restricted in town is chickens by a by-law of about 1964. You can have goats, rhinos or anything else in your house."

Didsbury Town Administrator Mike Storey discussing by-laws restricting animals in town at the last town council meeting.

A kick start

Dear Editor:

Come on Didsbury, where's your town spirit and pride? We have 3,355 residents living here and service over 12,000 people. Sundre has 2,027 residents and they are kicking our collective butts! Read The Didsbury Review, Nov. 3, 1992, (Elks Get In The Swim). The Sundre Pool Fundraising Committee has raised \$280,507.00 as of October 30/92 in less than 2 years. CONGRATULATIONS SUN-DRE!!

I find that embarrassing! In over 2 years, the Build Our Pool Society has raised a mere \$31,240.18. Obviously this must be due to the poor fundraising efforts by the Didsbury B.O.P. Society, right? Good idea Didsburians, let's pass the buck one more time. Let's turn our backs on our volunteers who are taking their time to put something back into our community. Let's stay where we are, always in second or third place. Let's personally attack business people, volunteers or anyone who dares to think that there can be a better Didsbury!

Can you tell that I am frustrated?

The apathy in this town is pathetic. We would rather sit in the coffee shops and complain how poor business is; that people are strapped; how there is nothing to do; times are hard; we can't do that; that may cost money; or God forbid we might lose a parking stall!!

Fortunately there will always be someone who has taken enough crap and won't sit down, shut up, or go away. It's a well known fact that business people in this town can't and won't take a stand on controversial issues. This is real and has been deemed

acceptable. It's scary! Volunteers are hard to find because they are accused of having hidden agendas and personal reasons for getting involved in an issue or cause. Didsbury is once again living up to its reputation as "Deadsbury." Have you never heard that before, or was someone just too scared to repeat it? I wonder!

Unfortunately, the small group of "Doom and Gloomers" will pounce on your ideas; attack you personally and professionally; spread rumors and lies; and be willing to stoop to any level to scare us into believing what they have to say is true.

We have the option Didsbury, of taking down the barriers and moving into the nineties; not kicking and screaming, but progressing; attracting businesses, good people and good ideas. Just because it is innovative, different and new doesn't mean it's bad. As a town we can go forward or backwards. We can't stay the same. We need people to keep our businesses running and businesses to keep the town running. Don't chase them away! Let's stop being number 2 or 3. Let's be where we should be - #1! I am tired of telling my clients, who travel from all over the province and British Columbia, where the ——— Didsbury is. Let's get onto the map.

Oh, by the way Didsbury! You are #1 in something, thanks to B.O.P. You are the only community in the world (and the first) to have Elevator Movies. This didn't just happen. It took a group of 30 volunteers and 6 months of planning so our community could have a sense of pride and uniqueness. B.O.P.'s profit was \$700.00.

Maybe we were wrong in the

direction the Build Our Pool Society chose to follow. Our goals seemed simple enough in our own naive way:

- 1) Raise the community's awareness as to the problems and safety of the old pool;
- 2) Provide alternate and unique fundraising efforts;
- 3) Provide an outlet for people to contribute to the new pool;
- 4) Probably the most important was to try and instill a sense of pride in our community; to make people sit up and think about what the pool has to offer and will continue to offer for this community.

With only 16 weeks until the pool opens, our job is almost complete. But we have two choices:

We can open with a pool that will probably never be completed, which will give the moaners and groaners great satisfaction in saying, "I told you so"; or

We can open a completed pool with all the phases finished and operational. We can be the envy of every community in central Alberta. We can be the FIRST for a change.

We need to sell 3,440 sq. ft. at \$50.00 per square foot to complete ALL PHASES.

Don't be deceived into thinking someone else is going to buy, so what good is my 1, 2, or 10 sq. ft. Selling 3,440 sq. ft. is done 1 square at a time. Buy one for you and your family members, one for your grandchildren. Buy one for a relative or buy one just because you care, but BUY ONE. Be on a plaque, take pride in the knowledge that you did your part in completing the pool, and be there for the grand opening scheduled for February

GOVERNMENT NEWS

Report from the Legislature

**Merger Of ADC And AHIC
Announced**
Hon. Roy Brassard, MLA
Ods-Didsbury Constituency

The Alberta government has for years stated its intention to reduce the cost of boards,

agencies and commissions. People are demanding less government, increased efficiency and improved operations. It is for this reason that the decision has been made to merge the Boards of the Alberta Hail and Crop Insurance Corporation (AHIC) and the Agricultural Development Corporation (ADC). This newly created organization will be the Agrifinancial Management Corporation (AMC).

The AMC is expected to result in considerable savings, both in terms of time for the farmer, and dollars for the taxpayer. In many cases, Hail and Crop offices are in the same building as those of the ADC, with each having its own support services. As such, it simply makes sense to provide service

for all three operations together.

The new organization is expected to offer more comprehensive and accessible service to Alberta farmers. The service improvements will result from administrative functions being merged wherever possible with particular emphasis on field operations. What this means for the individual farmer is that we are one step closer to "one stop shopping" for all agricultural services in most districts across Alberta. With the upcoming changes, farmers may one day be able to go to one place to get production, marketing and management advice, credit, financial services, hail insurance and Gross Revenue Insurance Plan (GRIP) coverage.

It is important to note that in

the short term no major changes will be occurring.

Everyone's benefits will stay the same for the moment, job responsibilities will not change and operations will be run as usual. In the mean time, the two Boards will be amalgamated, and a structural and operational review of the organization will be undertaken. This review will occur so that we fully achieve our objective--better service at a lower cost.

I had the pleasure and privilege of attending special ceremonies honoring two of our constituents this weekend.

On Friday, Mr. Darrin Taylor from Cremona received a Certificate of Achievement in recognition of excellence in his apprenticeship training program. This

award was presented to Darrin in Calgary at McDougall Centre by the Honourable Norm Weiss, Minister of Career Development and Employment.

On Saturday evening, we attended a Provincial Excellence in Teaching Awards banquet in Edmonton, honoring Ms. Terryann Robertson from Didsbury High School. Ms. Robertson was one of 20 recipients of this award from all across Alberta.

I know I join with everyone in our constituency in offering our sincere congratulations to Darrin and Terryann. We are extremely proud of you both.

If you need to contact me, or just want to, please call our constituency office at 556-3132 or my office in Edmonton at 422-0141 (collect).

MP's column

REMEMBRANCE DAY 1992
Louise Feltham
Wild Rose MP

In April, Canadians com-

memorated the 75th anniversary of Vimy Ridge--the First World War victory that is said to have changed our country forever.

In August, Canadian veterans returned to France to pay respect to those who were killed in Canada's costliest day of World War II, August 19, 1942, the day of the Dieppe raid.

There is much controversy about the Dieppe raid. It was planned to test the German defenses on the north coast of France and the ability of the Allied Forces to mount a large-scale amphibious assault against these continental defenses. The raid lasted just nine

hours; it was a disaster for the Allies. With all the controversy, there is one unanimous conclusion, Canadians fought valiantly under impossible conditions.

More than 900 Canadian soldiers were killed during the Dieppe raid. Today their names are listed, with honor, in the Memorial Chamber in the Peace Tower.

Many visitors to Parliament Hill feel that the Memorial Chamber is the most beautiful room on the Hill. It highlights the key moments in Canada's military history since 1866. It was built after World War I with materials linked directly to

Canada's participation in that war. The floor is constructed from stone from the battlefields where Canadians fought. The Chamber itself is constructed from materials presented to Canada from the three countries where Canadians fought in World War I: black marble border and steps from Belgium, the altar from Britain, and the ceiling and arches from France. The Chamber has three stained glass windows and 17 carved panels.

In the Chamber are Cana-

da's five Books of Remembrance. They contain the names of Canadians who died serving outside Canada. At 11:00 a.m. each day, in memory of the Armistice of November 11, 1918, a ceremony is held to turn a page. The pages are beautifully calligraphed--each name has been hand lettered. Every name appears once a year. Canadians may find out on which page a name appears and the date it may be viewed; they may also request a copy of a page.

Five-fold increase

Alberta Energy Company Ltd. has reported increases of 433 percent and 48 percent, respectively, in 1992 nine-month per-share earnings and cash flow from operations.

Cash flow from operations for the nine months ended September 30, 1992 was \$174.0 million (\$2.47 per Common Share) compared with \$116.6 million (\$1.67 per Common Share) during the 1991 period. Earnings increased to \$37.3 million (\$0.48 per Common Share) from \$10.5 million (\$0.09 per Common Share). Revenues, net of royalties were \$414.3 million compared with \$383.2 million, an 8 percent increase.

AEC indicated these improved financial results reflect higher revenues from oil and gas, forest products and fertilizers. Interest costs were \$11 million lower than in the 1991 period, and general and administrative expenses and operating costs were reduced by \$5 million.

The Company stated that as a result of the higher cash flow from operations it now expects to reduce its debt by at least \$125 million in 1992.

Alberta Energy Company Ltd. is a Canadian natural resource corporation with more than 40,000 shareholders. AEC participates in Canada's natural gas, oil, pipeline, and forest product industries.

ORMAN ON GOVERNMENT REFORM

Rick Orman will:

- * Strongly recommend a review of the issues of term limits and recall of MLAs. The intent of these proposals is to attract men and women who believe that service to the community is a privilege -- not a career.
- * Discontinue the practice of MLAs determining their own salaries. He will appoint an independent panel to review the existing pay and compensation of MLAs and Cabinet. The panel will be asked to ensure that future pay and compensation is tied directly to the success of the government in balancing the budget. **If the budget is not balanced there will be no increase.**

Town council notes

By Janice Harrington

The new Didsbury Town Council met for its first business meeting last week and managed to spend over \$45,000 already.

The money was spent for the purchase of a used Zamboni for the arena ice surface.

Plans had been in place for the purchase of a \$20,000 machine to replace the current ice resurfacer but the sale fell through. Council was told the 1982 machine would not be available from the Town of Stony Plain until much later next year.

Currently, the town spends an average of \$3,000 to \$5,000 a year to maintain the current ice resurfacer.

The town has received a grant of \$10,000 towards the purchase of the Zamboni and decided to withdraw the rest of the funds from reserves to purchase the newer machine at a cost of \$45,327.13.

The Legion's memorial cen-

taph still has not found a permanent home after it was moved for construction at the indoor swimming pool facility.

Council had originally asked the permission of the Didsbury Legion to move the cenotaph to the front of the new swimming pool (once construction is completed) but the Legion has asked that it be moved to a more visible location.

"For the sake of our fallen comrades, who without a flinch gave their all for freedom in this land, the monument should be placed in a place of prominence and where it may be viewable by the passersby," said Legion President Charlie Topping in a letter to council.

Council had been asked to move the cenotaph to the downtown gazebo location, but had denied the request last month, feeling the cenotaph should remain at the Memorial Complex which was so named because of the town's veterans.

Council will again look at the request to move the cenotaph to the gazebo park.

"This is something we have to take into really strong consideration. The Legion wants it there," said Mayor Ray Lea.

The cost to move the cenotaph will come out of the swimming pool construction's contingency fund.

Town council and the local RCMP detachment will be looking into policing needs for the town at the request of the RCMP Commanding Officer.

Council got the request at their last town council meeting. The request asks council to look at extra policing needs for the town for the 1994/95 budgeting year.

But while council plans to meet with the local RCMP commander to analyze the town's needs for 1994/95, it is not expected that additional officers will be requested.

"Protective Services will have to sit down with [local RCMP Sargeant] Ray Mustard to determine [our policing needs]," said town administrator Mike Storey.

A complaint about operations of the Sun Craft Log Homes business has council looking into the lease agreement for the land.

The business, located on land owned by Reimer Industries is situated uncomfortably close to

residential properties, prompting a complaint about noise and clutter by area residents.

The letter of complaint, signed by 14 residents, asks council to consider asking the business to relocate outside town boundaries.

Currently the land is being used contrary to its land use designation which is R-3.

Council will look further into the complaints before taking any action.

Enforcement action taken against prepaid contractors

On October 4, 1992 Donald Gale, operating as Professional Building Products was convicted on three counts of operating as an unlicensed prepaid contractor. He was fined \$2,500 and ordered to serve 60 days in jail if the fine is not paid. Charges were laid following an investigation by the Edmonton Regional Office of Alberta Consumer and Corporate Affairs which determined that employees of Donald Gale has taken deposits from consumers without being licensed. Prior to sentencing, restitution in the amount of \$1,187.00 had been made.

The Director of Trade Practices, under the Unfair Trade Practices Act has obtained a Court of Queen's Bench Order against L.D.H. Building Products Ltd. (L.D.H.) of Calgary, Alberta. L.D.H. Building Products Ltd. operated as a prepaid contractor in southern Alberta.

Investigations by the Calgary office and the Medicine Hat office revealed that L.D.H., through its officer and agent, Mr. Louis Herman, entered into home improvement contracts with senior citizens in Medicine Hat and Olds. The company took unfair advantage of seniors who didn't understand the character and nature of the transactions they entered into. Work completed was grossly overcharged.

In the first case, L.D.H. charged a 92-year-old Medicine Hat resident \$7,750 to have his home resingled. Estimates obtained from independent home renovations companies revealed that the work was valued at \$4,200. In the second case L.D.H. entered into a resingling contract with an elderly Olds couple. The seniors were charged \$4,400. Independent estimates revealed that the value of the work was \$1,800.

The Court confirmed the acts and practices of L.D.H. resulted in unfair practices contrary to the provisions of Alberta's Unfair Trade Practices Act. The Court ordered L.D.H.:

- provide refunds of \$3,488 and \$2,593 to the disadvantaged seniors.
- its officers, agents and employees refrain from engaging in unfair acts or practices
- at its own expenses, to publish the details of the Order.

RCMP report

Bill C-17, the new firearms legislation provides provisions for an amnesty. Between November 1 and 30, 1992, individuals can take the opportunity to turn in guns that are no longer wanted without fear of prosecution. This not only includes unwanted guns or weapons but also large capacity cartridge magazines, stun guns, switchblades, ammunition and explosives.

This is also the time to register restricted weapons. Restricted weapons include: handguns, semi-automatic centrefire firearms with a barrel length less than 470 mm (18 1/2"), firearms designed or adapted to be fired when reduced to a length of less

than 660 mm by folding, telescoping or other means, antique handguns for which ammunition is commonly found in Canada and firearms declared restricted by Order in Council. By taking advantage of this amnesty period, unwanted or illegal firearms can be prevented from falling into the wrong hands.

Between October 14 and 27, 1992, Didsbury RCMP responded to 165 complaints, including 12 motor vehicle accidents and 23 criminal code related incidents. Fifteen traffic tickets, 9 written warnings, and 1 liquor control act ticket were issued. One individual was given a 24-hour road side suspension.

In appreciation

Didsbury and District Historical Society President presented a Didsbury history book to past-Mayor Don Watt this weekend in appreciation for his efforts on behalf of the society.

Mountain View La Leche League news

The next meeting of the Mountain View La Leche League will be held on Thursday, Nov. 12 at 10:30 a.m. at 21 Avenue and 21 Street, Didsbury (ECS Portable).

New mothers are often concerned when their babies are fussy or "colicky." They wonder if nursing could be the cause. While no baby is allergic to mother's milk, there may be something in the mother's diet to which the baby is reacting. This

may indicate the baby is potentially allergic to that food. Breastfeeding is especially important in this case, as it allows the baby's digestive system to mature and protects against future allergy problems.

This month's topic, "The Art of Breastfeeding and Avoiding Difficulties," will cover this and other questions which may arise during the baby's first weeks. Additional help for the

mother who is experiencing difficulties in nursing her baby can be found in the book, "You Can Breastfeed Your Baby... Even In Special Situations," by Dorothy Patricia Brewster—available in the group's lending library.

For further information about the meeting or breastfeeding questions, women may contact Luana at 335-2331.

Upgrading offered for high school courses

Interested in receiving a high school diploma, improving your existing academic skills or upgrading your high school marks for entrance into a post-secondary institution?

A new slate of evening courses offered by Olds College can help do just that. The courses, tailored to the adult learner, include: English 10, 20, 30, 13, 23, 33; Math 10, 20, 30, 13, 23, 33; Social 10, 20, 30, 13, 23, 33; Biology 10, 20, 30; Chemistry 10, 20, 30; Physics 10, 20, 30.

Olds College's Extension Services' Development Programmer Chuck Howard, says anyone over the age of 19, out of school for at least five months, and who is interested in self-improvement through education is encouraged to take advantage of this opportunity. "You simply cannot af-

ford to discount your chances of employment anymore... with more and more people being out of work, an academically-strong high school diploma is a definite asset to any Resume. In most cases, it is the minimum requirement you will find listed under a position's prerequisites."

Cancer can be beaten.

Please give generously.

Old Cows, .45 - .55 per lb.

Bulls, .65 - .73 per lb.

Bred Cows, \$800 - \$1,150 per head.

Bred Heifers, \$800 - \$1,100 per head.

Agriculture matters

Agri-Food Competitiveness Conference

By Canadian Agriculture Minister Bill McKnight

A famous football coach, Vince Lombardi, is reported to have said, "Winning isn't everything—it's the only thing." While I can't claim to understand the fine points of the "Green Bay sweep" as well as the great coach did, I know where he was coming from. Winning, whether it's in the export field or on the gridiron, is what it's all about.

That's why I am hosting the first Canadian conference on international competitiveness in the agri-food industry, to be held November 22-24, 1992, in Saskatoon. We're calling it "Winning in a Global Market" and it will bring together our partners in the Canadian agri-food industry to focus on seizing new opportunities arising from changing world markets. It will be the first time that representatives from every link in the food production chain have huddled to discuss trade strategies.

Panel sessions will tackle some of the major competitiveness topics of today—adapting to global markets, investing in continuous learning, strategic alliances, and the commercialization of science and technology, to name a few. Featured panelists will include key players from leading agri-food organizations such as the Saskatchewan Wheat Pool, Dairyworld and the New Zealand Wheat Producers Board. And we've put together an impressive lineup of keynote speakers, including one of the world's foremost experts on consumer trends.

As I see it, the conference will help us understand the supply and demand changes happening in the sector, the shifts in markets and the trends for the future. It will help us appreciate the connections that exist among producers, processors, distributors and retailers. And it will help us recognize the roles and responsibilities of all the partners in the agri-food sector, and the changes and decisions that have to be made together.

What's more, I view the November conference as a warm-up for a new alliance of Canadian agri-food stakeholders, extending from the primary producer all the way to the consumer. Working together, we can all benefit from a better understanding of the new ways our colleagues and competitors are doing business. And I'm hoping that the agri-food industry will pick up the ball and run

with it in organizing follow-up strategic conferences.

We know the advantages our producers and processors now take into the game. Our agri-food industry is enjoying inflation and interest rates at decades-low levels; our cost of production is as good or better than our key competitors' for numerous major commodities, including grains, red meats and horticultural products; our resource base is second to none; and our reputation for quality is recognized and respected around the globe.

What we want to do at the conference is build on these strengths to develop a coordinated game plan for competing in the changing world marketplace. Through this kind of teamwork, I'm confident we can put together a winning record for many more years to come.

Pool in top five Co-ops

Alberta Pool again ranked among the top Canadian cooperatives in 1991, according to recently released federal figures.

The Saskatchewan Wheat Pool ranked first for the 29th consecutive year, followed by Federated Cooperatives Ltd., Cooperative federee de Quebec, United Grain Growers and Alberta Pool.

"The challenges met by the cooperative sector last year prove to what extent economic strength and innovation go hand-in-hand," said Charles Mayer, the federal minister responsible for cooperatives.

The top 50 cooperatives in 1991 had combined revenue over \$14 billion and owned more than \$5 billion worth of assets. "These 50 cooperatives also employed 34,201 people," said Mayer. "Employment in these cooperatives has remained virtually unchanged since 1990, a significant fact considering the difficult economic times."

The figures exclude financial cooperatives, such as credit unions, caisses populaires, trusts and insurance cooperatives.

Initial barley payments increased

The Canadian Wheat Board has announced that the federal government has approved a \$15 per tonne increase in the 1992-93 initial payment for all grades of Designated barley.

The new initial payments for Designated barley will take effect November 5, 1992. In the case of Special Select Canada Western Two-Row Designated barley, the initial payment basis in-store Thunday Bay or Vancouver will be raised from \$110 per tonne to \$125 per tonne.

The Wheat Board said that adjustment payments of \$15 per tonne will be issued on all Designated barley delivered to the Wheat Board from August 1, 1992, to November 4. Payment cheques will be issued November 26, 1992.

PERSONALITIES

Carstairs athlete nabs another title

Anyone who knows Sonja Suttmoller knows it's hard to catch her standing still . . . in fact, it's just plain hard to catch her at all these days!

When Sonja's not out busy training at the pool, running around her Carstairs-area farm, or cycling down the highway, she's out competing in Ironman competitions.

The 53-year-old mother of seven (and grandmother of one) checks off yet another task--this time an Ironman competition--from her list of things to do. It was her eighth.

The internationally renowned event requires each participant to swim 3.8 kilometres, cycle 180 kilometres, and run 42.2 kilometres. Out of 230 athletes

participating on behalf of Canada, six came home with medals for placing in their own individual categories. She was among them, coming in second for her age group at 12 hours and 52 minutes.

"It keeps me young," Sonja jokes, explaining the enlightening experience she had about 15 years ago in Calgary's "Cappy Dick" Firefighter's Race.

"My husband thought I was crazy, but I was very stubborn and determined that I could do this 10 kilometre race as well as anyone. Well, I sprinted the first kilometre and had barely any energy left to finish the rest of the race. I was huffing and puffing along when a 74-year-old

man passed me and patted me on the back for encouragement. Ever since then, I've thought, I'd never let my age get in the way of what I want to do."

Since then, Sonja says she has learned a lot about how to pace yourself in a race, and, more importantly, how to train. "It can get tedious going to the pool sometimes and swimming length after length, but you can't let it get you down. It's relaxing, in a way . . . especially if you go early in the morning."

Sometimes, it's the various clubs and organizations around the area that offer the most help;

especially when it comes to support and comradery. "Both my husband and I have joined the Elbow Valley Cycle Club in Calgary and participated in the Golden Triangle Tour three years in a row now. It's great fun and you meet so many different people, young and old alike." The Golden Triangle, Sonja explains, is a three-day cycling tour of the Rockies spanning Castle Mountain, Invermere, Golden, and back to Castle Mountain again. "We've also done the Jasper to Banff trip with the Club (cycling) and the Logan's Pass tour . . . it's all very beautiful."

Scenery, perhaps, is becoming more of a focus for the Suttmollers. Competing in over 30 different competitions each summer in Alberta, Ontario, British Columbia, Montana, and Hawaii leaves the couple little time to relax and escape on a much-needed holiday. "Hugo doesn't always have time to come along on these competitions with me because of the veterinary clinic he operates, and we end up spending little time together."

This year, Sonja promises, we are going to make a real effort to get away on a long holiday somewhere.

Local grad

Former Didsbury High School graduate Janice McFarquhar will receive her Bachelor of Education degree during convocation exercises Nov. 13, 1992 at the University of Calgary.

Janice majored in Elementary Education with a minor in Language Arts.

She is presently employed with the Calgary School Board and the Rockyview School Division.

New ID license offered

Without a driver's license, many people have trouble cashing or writing cheques. Now, Albertans who do not drive can get easily-recognized photo ID cards for their personal banking and identification needs.

Alberta Solicitor General Stephen West has introduced a new personal identification card for Albertans. "This new service provides a convenient means of identification for non-drivers," said West.

The new card costs \$15.00 for five years and is easy to renew.

Albertans may hold either a valid driver's license or an identification card but not both. Cards will be issued only to non-drivers age 14 years and older. Applicants between the ages of 14 and 18 must obtain

parental consent before an ID card will be issued.

Acceptable proof of identity includes any two of the following:

Birth certificate, Citizenship certificate, Marriage certificate, Indian status ID card, Canadian passport, School ID, Armed Forces ID and Major credit card.

Similar to the Alberta driver's license, the two-part ID card includes a laminated photograph and identifying information. The card has no associated driving privileges and is readily distinguished from the familiar orange driver's license because of its light blue color.

The new identification cards have been available since November 2, 1992 from Alberta motor vehicle offices throughout the province.

OLDS NEWS

What's left for Olds rocker Wright?

By Elaine Wilson

Soft spoken and self effacing, thirty-year-old Jason Wright does not conform to the stereotype usually attributed to a rock musician, but his serious approach to his craft has served him well to date.

The vast majority of musicians in Canada toil regularly at day jobs while they wait for their big break and Wright is no exception. He designs and constructs solar water pumping systems for Canadian Agtechnology Partners in Olds. One day CAP got a call from a prospective solar pump customer and Wright wound up making a valuable industry contact.

"The phone rang and Sandy [Harvie, the CAP marketing director] answered it. 'Oh, yes, Ian,' he said, 'we can certainly sell you a system that will do the job for you.' I didn't know who he was talking to, just that it was 'Ian Somebody.' I was trying to get this attention to tell him that Tuesday would be good for me and Sandy had a big smile on his face. It turns out he was talking to Ian Tyson. We met near [Tyson's] ranch at Longview.

After talking to him about the system for a couple of hours I brought up the fact that I was a struggling songwriter and I wanted to give him a tape. He kind of groaned and said: 'Oh no. Well, you're only the sixth one this week.' I didn't push it, he told me he gets lots of tapes and couldn't guarantee anything. But he did say that even though he didn't listen to all of them, he would listen to mine."

A transplanted 'easterner' (from Wilkie, Saskatchewan), Wright's favorite avocation is writing original songs. A partial list of his accomplishments includes making the semi-finals in the 1991 Gold Fever Festival and the finals in the Alberta Music Project with self-penned compositions. Wright and his band, Slice of Life, also won a lucrative contest sponsored by a Vancouver television station which financed a foray into the studio to record more original material. One of his songs ('Diamond City') played on a regular rotation on 4 Edmonton radio stations in 1990, generating royalty cheques that are still coming in. Steadily piling one

distinction on top of another, Wright's successes seem almost effortless, but nothing could be further from the truth.

Simply getting the band together involves weeks of organizing and planning as all the other members live in Saskatchewan. They take full advantage of their time together, squeezing as much as they can into each session.

"Before meeting with the rest of the band, it's usually [bass guitarist] Dale [Radies] and I who get together around the kitchen

table the first night. I've written most of the material to this point. Usually what happens is we don't get to bed any earlier than three in the morning, because we get so involved with it."

Composing and recording are time-consuming and costly enterprises which are not taken lightly by Wright or the other band members. That is not to say they don't manage to enjoy themselves when they regroup. "We've always been serious, musically," Wright said, "but we have fun together; we were

friends before we were fellow musicians."

Wright's chief satisfaction is derived from composing music. As he works toward fulfilling his ultimate goal of writing chart-toppers for established recording artists, Jason Wright is fully prepared to utilize all of his tenacity and talent. As Ian Tyson told Wright, the formula for success revolves around persistence: "If you're really serious and you work hard and hang in there, eventually, you'll make it."

Tank dedication part of Remembrance service

Olds Branch #105 of the Royal Canadian Legion Branch will be holding Remembrance Day Services in the Olds High School Auditorium at 10:20 a.m. (Early arrival is suggested in order to guarantee a seat—the event always draws a large crowd.)

The Sgt.-at-Arms, veteran Fred Letourneau, will begin the proceedings by advancing the Colors. This will be followed by O Canada, the reading of the Olds Roll of Honor by Comrade David Lanz and the response reading of *They Shall Not Grow Old*. The Color Party will then retire.

Rev. R. Ritchie will give the invocation followed by a selection from the Evergreen Sing-

ers. The Scripture reading will be given by Fr. V. Perron, followed by a hymn and an address by Rev. James P. Robinson.

The Sgt.-at-Arms will return the Color Party for Last Post, a silent tribute to the fallen and Reveille. This will be followed by the laying of wreaths, a hymn and a prayer by Rev. Rose Brower.

Rev. R. Ritchie will do the benediction, and M.C. Comrade Wilf Jopp will offer concluding remarks.

The parade marshal will be Lt. Dave Clemens. Sgt.-at-Arms will be Fred Letourneau, M.C. will be Comrade Wilf Jopp. The piper will be T.J. Johnson. The bugler will be Fern Olson.

Other musical accompaniment will be provided by the Olds High School Band and the Evergreen Singers.

Following the service at the High School, Olds Legion Branch #105 will be holding a dedication of the Sherman tank on display east of the Legion hall, offered as a memorial for those who served their country during wartime.

CREMONA/WATER VALLEY NEWS

Community supports historical designation

By Kathy Parson

Over 40 people attended a public meeting to give support to having the Old Water Valley School designated an historical site. The main impetus behind the move is the Chinook Creative Arts Association who presently leases the building from the Water Valley Community Association.

Among the crowd were two gentlemen who have fond memories of the building. Bob Patchell remembers well the year it was built and the many years of community activities enjoyed there. "It was central to almost every activity. For years it was the only building here,"

Patchell recalled.

Duncan MacFarquhar recalled attending school the first day it was open in 1926. "It was a one room school with eight grades and a very modern facility for its time," he said. "We even had indoor plumbing!"

The school house has seen many renovations since then. In 1946 it was expanded with another room, a basement and new entranceway as well as big multi-paned windows that let in lots of sunshine and adds an element of charm to the structure.

In 1983, when the Chinook Arts organization moved in, it was upgraded to meet building

code standards which included fire exits, wheelchair access, a new roof, new indoor plumbing, and kitchen facilities.

In all, over \$42,000.00 from Alberta Recreation and Parks, Recreation Boards and the Legacy Foundation has been invested to maintain and upgrade the building. These grants were matching grants so an additional \$47,000.00 has been donated through cash, volunteer labor and materials from the community.

"In dollars and cents, we've invested over \$90,000.00 in this building," says Pauline Pedersen of Chinook Arts. "To the community it is invaluable and

worth preserving."

In addition to its historical value as a period Alberta school house and the amount of money invested, Sharon Van Maaron, President of Chinook Arts, feels that the most important reason for protecting it is, "the cultural, social, religious and educational significance to the community."

It once served as school, library, community centre, church and dance hall. People have been baptized there, taught there, met and married there and mourned there.

It continues to be a very central part of the community. The library still resides there and Chinook Arts holds art and craft

classes, shows and exhibitions. The playschool operates out of the building and there is aerobic, judo, dance and drama classes held weekly.

The application process requires that the community show its support for the designation and petitions were circulated for signatures and will remain available at the General Store until the application is sent to Edmonton.

The school has changed some since 1926 and much has changed in the community but the old school still remains at the heart of Water Valley.

Ratepayers Association to become official

By Kathy Parsons

The Ratepayers Association of Division 2 will become official as soon as the newly elected executive get the necessary paperwork completed.

Elections were held at the Organizational meeting on November 3rd at the Water Valley Hall. D.A. (Bud) Sheppard has been serving as chairman of the Organizing committee and was elected President. Gail Oldfield was elected as Secretary and Wendy Green as Treasurer.

"Our first order of business will be to register under the Society's Act and incorporate the organization," said Sheppard. "This is extremely important when dealing with the various levels of government and will protect the organization and those serving in it," he explained.

Four areas of particular concern will have committees developed to address issues on an on-going basis. These committees are Planning and Development, Taxation, Schools and Information. Other committees will be developed as need arises.

Several items of immediate concern were brought forward from the membership and the committees will soon be doing research and information gathering

in order to address them. Some of the issues brought forward were levels of law enforcement, wildlife management, road construction and environmental issues.

Another task which will be addressed immediately is the development of a mission statement with specific goals. "We are dealing with many different issues, some of which are going to be very controversial, and there are a wide variety of opinions. As a group, we must be very careful that we stay on track and represent the majority of the people. A mission statement can help us do that and yet remain flexible enough to handle anything that arises," says Sheppard.

The organization will be setting up bulletin boards throughout District 2 to make pertinent information available with drop boxes to encourage people to submit written summaries of their concerns. "We expect these summaries to detail the concerns and include names and phone numbers of those submitting it. The Association can then follow-up and address each issue by doing research and talking to the people affected," said Sheppard.

Ag Society annual meeting planned

The Cremona & District Agricultural Society has completed another busy year. Their present major project is to complete the upper mezzanine area in the arena. With a great deal of much appreciated community assistance this past year, the project is well underway and this area should be in use shortly after the Christmas break. Decisions are presently being made regarding floor coverings

and concession cupboards.

To find out more about this and other Agricultural Society projects, members of the public are invited to the Annual Meeting upstairs in the Community Hall at 8:00 p.m. on Tuesday, November 17. Guest speaker for the evening is Mr. Dan Taylor of Madden. Lunch will be served and Ag. Society members are looking forward to this entertaining evening.

Volunteer expertise

Volunteer painter Val Foat is one of many helping to complete the Cremona arena. Most of the project should be completed and ready for use by Christmas.

GROUP PERFORMS DECENT ACT IN PARK.

A group of downtown neighbours were tired of watching a local park deteriorate. So, they spent a Saturday cleaning up garbage, planting flowers and adding a fresh coat of paint to the rusting playground equipment.

This event is part of a movement that's helping change the world. One simple act at a time.

SUNDRE/WESTWARD HO NEWS

Local writers to visit Sundre Library

By Bob Boucher

Charlene Siegfried, Librarian at the Sundre Municipal Library, is pleased to announce the visit of not one, but two of the area authors.

Marilyn Halvorson, who lives in the Bergen area and Noreen Olson from the Carstairs area, will visit the Library on Tuesday, November 26 at 2 p.m.

Marilyn Halvorson was born and raised in the Sundre and Bergen area and has been writing for the past 10 years. When not reading or writing, her favorite hobby is photography. Her latest book, "Stranger On The Run", is a sequel to a previous one she

wrote, "Brothers and Strangers". "Stranger On The Run", is a story about a 12-year-old boy who runs away from home and finds himself on the West coast tangled in street gangs and drugs. By the time he reaches 19, he is involved with drug dealers and being hunted. A true stranger on the run and a very intriguing story.

Noreen Olson was born in Ponoka, but has lived most of her life in the Carstairs, Cremona area. When not writing, she loves to sew, read and care for her flowers and garden. She has three children, two boys and one

girl, all grown. She mentioned that she was also a Marriage Commissioner for the area, and performs civil marriages. She has been writing 13 years for The Didsbury Review and has compiled some of her writings into books. Her first, "Kitchen Table Collections" and her latest, "School Bus Doesn't Stop Here Anymore", are both collections of columns on rural life.

Charlene would like you to accept her invitation to attend, even for a few minutes, and meet these delightful local ladies.

Sundre to remember

By Bob Boucher

Remembrance Day Services will be held at the Sundre Royal Canadian Legion Hall, Branch 223, on Wednesday, November 11. The Ladies Auxiliary will be present to aid in hosting the Annual event.

Art Smith said that it would be a simple ceremony, with wreaths being placed at the Cenotaph in front of the hall. Doors to the hall will open at 10:30 a.m., with services to commence at 10:50 a.m. Everyone is encouraged to attend this Remembrance and Salute to the many men and women who gave their lives and the ones who are still carrying wounds of their encounters in battle. To those who cannot attend the Ceremony organizers ask that they take time to pause a few moments in personal silent remembrance.

Librarian's efforts celebrated

By Bob Boucher

On Thursday, November 5, a gathering of volunteers and friends congratulated Charlene Siegfried for her 10 years of service as the Sundre Municipal Librarian.

Charlene, who was born and raised in Sundre, is a graduate of Sundre High School and has taken correspondence courses

from SAIT to increase her knowledge of library techniques.

She stated that the library which has been in operation since 1949, and in its present location since 1976, has a variety and selection of books numbering over 13,000, with a few VCR tapes and cassettes (audio books) also available. She also mention-

ed that there were some large print books for the visually impaired, plus paperbacks and magazines. Each month there are new arrivals that are sure to please all ages.

With winter coming on, it is a good time to start planning a few cozy winter nights reading one of your favorite books.

The library is open Tuesday from noon to 5 p.m., Wednesday noon to 8 p.m., Thursday and Friday from noon to 5 p.m.

"If you hurt... we can help."

Sundre concert band begins season

The Sundre School Band which has been in operation for approximately nine years, has started another season under the leadership of teacher and Band Coordinator Mike Schuster.

Schuster comes to Sundre from Manitoba, where he was born and received most of his schooling, including a degree from the University of Manitoba.

Through his high school and

university years, Mike was involved in many phases of band studies and coordination. After teaching in Manitoba for 6 years, he took a position on the Sundre School teaching staff. Laura Christensen, who is also new to the Sundre School, will be assisting Schuster with band coordination.

Schuster said that a tentative date of Tuesday, December 15

has been set for a Christmas Concert to take place in the Sundre High School gym and invites the town and country residents to attend. It will be the band's first concert of the season.

Schuster requests anyone having band instruments to sell, donate or loan to the band, to please contact him at the school-638-4545.

CARSTAIRS NEWS

Law, order and the NWMP

The Glenbow Museum is coming to Carstairs through a special loan of artifacts from the Glenbow Museum in Calgary which will be displayed in the Roulston Museum. The display, which features early firearms used by the North-West Mounted Police will be on view November through January 1993.

The exhibit includes a variety of early revolvers including Winchester, Adams, and Enfield models. Cartridges, a leather cartridge belt, and a Union Jack Flag will give viewers a taste of the history of the wild western provinces.

The North-West Mounted Police were formed in 1873 to

bring law, order, and stability to the Canadian West. During this period, the influx of whiskey traders demoralized the native people and led directly to several outbreaks of violence such as the Cypress Hills Massacre. However, with the coming of the N.W.M.P. order was quickly restored.

Glenbow's Rural Loans Program extends museum access to out-lying Alberta communities. Small exhibits are circulated on a three month rotating schedule and these displays are an excellent alternative for areas which do not have the facilities to house a large travelling display. A single, permanent display case

is used to house artifacts and while the case stays in one place, the artifacts within it are circulated by Glenbow staff.

For more information, please call The Roulston Museum at 337-3710.

Flood control grant announced

Alberta Environment Minister Ralph Klein and Olds-Didsbury MLA Roy Brassard have announced that an agreement has been signed to provide the Town of Carstairs with a \$54,900 grant for the Carstairs Flood Control Project.

"This project will benefit the residents in the northwest part of town and agricultural landowners downstream," said Klein. "Because excess water will be controlled, there will be less impact on the Carstairs road system. The project will also

eliminate the pooling of surface water in town, which is a potential safety hazard to children."

This flood control project includes construction of a 400-metre ditch west of town which will collect run-off water, a 600-metre system to carry the water through the town and an outlet channel to prevent the flooding of downstream agricultural land.

"I am pleased that the province is able to assist the Town of Carstairs in making

improvements that affect many local residents," added Brassard.

Under the Alberta Water Management and Erosion Control Program, Alberta Environment provides grants to local authorities for water management projects that provide direct benefits to the public. Eligible types of projects are as follows: flood control, flow regulation, erosion control, water based recreation, fish, waterfowl, and wildlife enhancement, and water supply.

TRAVEL & ENTERTAINMENT

Columbus - the encounter

This is the eighth installment (not the seventh as two installments were accidentally entitled Part 5) in a series of stories based on the voyage of Christopher Columbus, famed for the discovery of the Americas. 1992 is the 500th anniversary of the voyage. To mark the occasion, The Review will publish, every two weeks until December, stories detailing the trip and how it impacted on life here—in the new world.

Part VIII

By Ron Tyler

Columbus' second voyage to the New World in 1493, as one historian puts it, "Marks the first extended encounter of European and Indian societies, the clash of cultures that was to echo down through five centuries, and its records reveal all the hallmarks of that profound sweep of time."

On this trip there were 17 ships and about 1,400 colonists (still no women on board). The Spanish royalty talked of religious conversion and Admiral Colon talked of building and settlement, but the real purpose of colonization was gold. Jan. 20, 1494 . . . "After we had rested for several days . . . it seemed to the Lord Admiral that it was time to put into execution his desire to search for gold. . . ."

By 1495, the European colonists had instituted a tribute system whereby every native over the age of 14 had to supply a certain amount of gold or risk having their hands cut off and being left to bleed to death. Before the decade was out, Columbus had instituted slave labor under the name of Encomienda, whereby the "Governor" of an island could give

certain Indians to colonists to use as they might choose. It was made an official policy in Espanola (small Spain—Haiti and the Dominican Republic) in 1502 and there after taken by the conquistadors on their invasion of Peru and Mexico.

In 1502, Columbus wrote . . . "Gold is treasure, and with it, whoever has it may do what he

wants in the world, and may succeed in taking souls to Paradise."

Paradise would describe any place but the Indies over the next 40 years, as we shall see next time.

(Ron Tyler is a grade 4 teacher at Ross Ford Elementary School in Didsbury and a history buff.)

"Revelation"

By Bob Boucher

I sit alone . . . in quiet time, Searching, choosing, dispelling,

Various thoughts entering my mind.

I think of yesteryear gone by, Of future enchantments I seek,

Of how on time we do rely.

Many figments of imagination, Veils, masquerades, pretensions,

Lead us to our final ideation.

Sitting in quiet solitude, No diversions in my retreat, A vigorous sensation does exude . . .

I . . . am never . . . alone.

Gospel music night planned

The Didsbury area churches are participating in a joint evening of Gospel music on Sunday, November 15th at 7:00 p.m. in the Westglen Gym. Each participating church will present a couple of numbers, (solos, duets, instrumentals, etc.) for an evening of enjoyment and enrichment through song.

It was decided that for such

a joint venture, a donation basis would be used to help cover some of the expenses, such as advertising and gym rental. Any proceeds above those expenses would be turned over to the B.O.P. Society towards their projects in the new swimming pool.

The Christmas season will soon be here and since everyone

is so busy during the month of December, an evening like this is better held just a bit sooner. An informal evening of sharing an enjoyment of music is planned—an evening tailor-made for the whole family. It will be a time to experience singing and worshiping together as a community.

SPORTS

Ramblers clip Eagles' feathers

The Didsbury Senior Rambler Hockey Club playing its second game of the Chinook Hockey League season evened its record at 1 and 1 by virtue of a 4 to 3 victory over the visiting Innisfail Eagles on Sunday afternoon.

The Ramblers were full credit for their win as they battled the undefeated Eagles to a standstill at all aspects of the game in spite of the close score.

The Eagles would be first on the board with a goal at the 9 minute mark of the first period as Al Sims would convert a rebound of a Mark Dowler shot to put the Eagles out to an early lead.

The period would end with the Ramblers replying on a powerplay marker by Scott Fischer at the 18:23 mark to even matters at a goal a piece entering the first intermission. Assisting on the Rambler goal was Brent Youngs and Chris Overwater.

Shots on goal after one period favored Didsbury 7-6 in a tight checking affair.

The second period had the hometown Ramblers in complete control of the Eagle team after a rash of penalties by the visitors would find the Ramblers taking advantage by scoring 2 powerplay goals as well as 1 at even strength.

The Ramblers entered the dressing room after 2 periods,

leading by a score of 4 to 1 on goals by Darrin Dallas, Brent Youngs, and defenceman Hal Schiffer.

Drawing assists in the period were Darrin Dallas, Kevin Kurtz, Greg Crawford, Chris Overwater and Scott Fischer.

The third period saw the Ramblers fall prey to the old habit of trying to protect a lead and the visiting Innisfail Eagles would take advantage of some mental lapses to strike for 2 quick goals to make the game close at 4 to 3.

Scoring for the Eagles was Al Sims with his second of the night, as well as Wes Makofka to make the game close.

The strong penalty killing of the Ramblers was to prove a factor in the contest as the hometown team would take a 5 minute major for fighting with Darcy McGuire being the culprit with 3 minutes and 15 seconds remaining. To put the Eagles on the powerplay for the remainder of the game.

In spite of the strong effort by the league leading Eagles, the Ramblers would prevail thanks in part to the fine play of defencemen Delos Archer and Kevin Kurtz, as well as the persistent work of Darrin Dallas and Brent Youngs.

The shots on goal in the third period favored Innisfail 11 to 6,

and strong goaltending by Ross Parslow as well as consistent clearing of the rebounds by the defence enabled the Ramblers to hold on in a close, and exciting game.

Coach Alan McCoy was especially pleased with the showing of newcomer Darrin Dallas, as well as the strong discipline displayed by the team after their initial setback at the hands of the Oil Kings on opening day.

"The team showed a lot of character and restraint at times when personal emotion and reaction may have dictated the outcome or flow of the game and I am pleased with the discipline and control that the team for the most part displayed," said McCoy after the game.

With the victory, the Ramblers' next action is on the road where they travel to Big Valley Friday evening to take on league newcomers Big Valley Oil Kings. The team has a score to settle as the Oil Kings upset the Ramblers in the home opener on Halloween evening.

This promises to be a more disciplined and determined team than was iced on opening night," said Manager Larry Tennant.

Ramblers next home action is Saturday, November 14 at 8:30 p.m. as they play host to the Hobbema Oilers.

Saturday night is Flames night as the Ramblers will be giving away tickets to upcoming Flames games as well as jerseys to lucky winners for the evening.

Just a reminder to all fans to fill out their game entry for the

trip to Vegas at the end of the season as one lucky winner will win a trip for two including airfare and accommodation to Las Vegas. Draw will be made from all eligible entries on Feb. 20, 1993.

Ringette celebrates 30th anniversary

With the approach of the 1992-93 season, the sport of ringette will mark its 30th anniversary with plenty to celebrate.

"We have collectively built a rock solid structure at all levels," said Carolyn Hudson, executive director of Ringette Canada. "We've developed a unique sport which provides excitement and challenge to all ages and skill levels."

Ringette was invented in 1963 by the late Sam Jacks when he was director of Parks and Recreation for the city of North Bay. He introduced the sport to the northern Ontario directors of Municipal Recreation. The world championship trophy is in his name.

Today, organized ringette leagues are booming in all 10 provinces and the Northwest Territories. There are more than 500 local associations and over 30,000 registered members.

Internationally, six countries -- the United States, France, Sweden, Russia, Finland and

Canada with two teams--competed at the world championship earlier this year in Finland. In an

all-Canadian final, Canada West represented by Alberta defeated Canada East (Quebec). Canada won the first ever world championships in 1990 at Gloucester, Ont.

"We still need to make some noise and promote the sport more both nationally and internationally," said Hudson. "And we have to continue developing at the recreational level."

The season kicks off November 8-15 with the Gillette Soft & Dri National Ringette Week which will feature activities in communities across Canada.

Cremona ringette news

By Ken Blain

The Cremona Juniors proved to be excellent road warriors as they kicked off the regular season with two impressive victories.

On Nov. 3, the team played in Airdrie and built a solid 4-1 lead in the first before a rash of penalties resulted in a pair of late Airdrie goals. With the game in the balance, Cremona stormed out in the second, scoring six unanswered goals. The attack was led by Stacey Kinch (3g-2a), Shera Robertson (2g-2a), Jennifer McKimm (2g-1a) and Wendy Leask (2g-1a). The defensive corps of Monica Russell, Amber Havens, Jill Fournier and Jocelyn

Dokter played a nearly airtight defense. Jocelyn played especially well and chipped in offensively with 4 assists. In goal, Melissa Foat was solid, not yield a single even strength goal.

Saturday, Nov. 7 found the team in Sundre to face Susie Grace and company. The pattern of a close first period followed by a wide-open second was repeated. After building a 4-2 lead in period one, Cremona exploded for 8 goals in a very chippy second period that was nearly allowed to get out of hand. This time around the leading snipers were Sherry Leask (2g-4a), Adrienne Blain (2g-3a), Jennifer

McKimm (2g-1a) and Melissa Jensen (2g-1a). Singles were added by Amber Havens, Jill Fournier, Wendy Leask and Monica Russell, her first in Junior competition. Stacey Kinch played the role of playmaker with 4 assists. The Sundre scoring was handled by Susie Grace with a pair and Tracey Jensen with one.

One of the main reasons for the success enjoyed by the Juniors so far is the very balanced attack they provide. Over the course of the two opening games, every skater had at least a goal and an assist. The unselfish teamwork demonstrated thus far bodes well for the

future.

After having next weekend off, the team returns to action with the home opener against

Northwest Calgary at 12:15 p.m. on Nov. 22nd. This should be a good test—don't miss it!

Big shot

October 31st in England was a frightening thing. The ruin of Razor Ruddock in a London boxing ring. No question from the outset what the fight's outcome would be. The sound of round one ringing in the Lewis mastery.

His name is Lennox Lewis, the sweet science his forte. If this one's any guideline, he'll be going all the way. The experts picked the Razor, but the experts didn't know. How devastating Lewis', two-handed, one man show.

But now they do. From fighters to fight fans from every spot, The world of boxing realizes Lewis is red hot. Canadian contender with a hands-on touch that proves, No matter who, this heavyweight has all the winning moves.

A round two knockout finish leaving all with little doubt, No boxer but a class one could have done the Razor rout. The question has been planted, what will grow, we're gonna find, Can Lewis beat the CHAMPION, if they get the big one signed.

—Frank Pavlick
Canada's Sports Poet

Cremona minor hockey news

By Ryan Robertson

Sunday, November 8th saw our combination Cremona-Sundre Midget A team tangling against Airdrie. Despite a 7-2 final in favor of Airdrie, the game in many aspects was a much closer contest.

The game played in Gremona had a good attendance, and the fans were treated to a good clean affair. The two Cremona goals came as a result of their specialty teams. Their first goal came from the stroke of Pete Sandberg on a power play in the opening session, and their final tally came in the third, a beautiful short-handed effort by Scott Jackson, Mike Cornforth and Terry Cummings split goaltending chores.

To introduce you to the "Crew On The Bench," our coach this year is Darcy Kirton, a likeable individual who played Junior B hockey in Drayton Valley in the right wing position.

Manager this season is Doug Sherrieffs—equally capable and determined.

Both were pleased at the talent within their squad, but also agreed the pains of the amalgamation was evident, but once that barrier was passed they would be looking at a real challenge to the league. On "The Team Of Two Towns" are 8 Sundre players and 9 Cremona players.

Good luck, The Nucleus is certainly there!

Brier tickets on sale

Tickets for the 1994 Labatt Brier (Canadian Men's Curling Championship) officially went on sale last week for the three prairie provinces, British Columbia, the Yukon and Northwest Territories. The 1994 Brier will be played in Red Deer's newly opened 6,000 seat Centrium from March 5-13, 1994.

At a media conference, Red Deer 1994 Brier Society General Chairman Al Gerig, announced that ticket prices for the weekly draw packages would be \$260.00 for the End Zone seats and \$200.00 for all Side and Bleacher seats. Tickets for eastern Canada will go on sale at the 1993 Labatt Brier in Ottawa commencing on March 6, 1993.

Gerig also announced the official opening of the 1994 Labatt Brier Office, located on the main floor of the Capri Convention Centre. The office will be managed by John W. MacLeod, former General Manager of the Canadian Curling Association, assisted by two secretaries—Mrs. Jan Mowat and Miss Lisa Williams. The office will operate Monday through Friday from 8:00 a.m. to 5:00 p.m.

Tickets and other information may be obtained by dropping into the office or phoning (403) 340-1994, Toll Free 1-800-663-1994 or Fax to (403) 347-9400.

TOWN OF DIDSBURY NOTICE

The Council of the Town of Didsbury proposes to pass a by-law amending Land use By-law #86-2 in accordance with the provisions of the Planning Act, Chapter P-9, Revised Statutes of Alberta, 1980 and amendments thereto.

The Council of the Town of Didsbury, in the Province of Alberta, proposes to enact as follows:

1. That Lot A, Block 1, Plan 5577 JK Didsbury (Kinsmen Swimming Pool) be removed from Public Recreation District (PR) and placed in General Residential District (R2).

The proposed amendment and maps will be available for inspection at the Town Administration office in Didsbury during normal working days and hours until 4:30 P.M., Tuesday, December 1, 1992.

At 7:00 P.M., Tuesday, December 1, 1992, the Council will cause a public hearing to be held in the Council Chambers of the Town of Didsbury, Alberta.

Any person or persons wishing to present views, to the Council of the Town of Didsbury at the Public Hearing, on the proposed amendment shall:

1. Appear in person and submit their views, or
2. Appoint, in writing, a person to represent them and submit their views, or
3. Submit views, in writing, before 4:30 P.M., on Tuesday, December 1, 1992, and be present or represented before the hearing to answer any questions.

Dated at Didsbury, Alberta, this 5th day of November, 1992.

E. M. Storey,

Chief Administrative Officer

THERE'S NO ALTERNATIVE TO CONCRETE

Concrete is the
basement building material
with all the advantages

It's a proven performer. Rugged
Tough. Durable. A concrete basement
will never burn or rot. And concrete
is safe. Quality-controlled concrete
needs no toxic chemicals, which may
be hazardous to building occupants.

Concrete is an energy-wise choice.
A concrete basement needs little heat
or air conditioning. And concrete walls
are easily insulated.

Economically, concrete is a good
investment. A concrete basement will
add years of life to the foundation and
considerable dollars to the resale value
of your building.

Add up the advantages. There's simply no
alternative to quality controlled concrete. The
best basement building material.

Conservative stranglehold gone

Dear Editor:

The results of the October 26 Three Hills provincial by-election, heavily overshadowed in the news by the results of the Constitutional referendum, prove conclusively that the Conservative party no longer has a "stranglehold" on rural Alberta.

My colleague, Alberta Liberal candidate Don MacDonald, scored a decisive victory with 46% of the popular vote. Each of his opponents lost his deposit.

Our success in Three Hills is no accident. Laurence Decore and Alberta Liberals have listened to Albertans who want change, and for three years they have advocated a major reform of the province's parliamentary and

fiscal management systems. Coming as it did in a riding with a long history of Conservative support, the Alberta Liberal victory in Three Hills shows that rural Albertans share Decore's desire to create a fresh political change.

There is much more work we must do in order to win the next general election, and we will continue to work hard and to listen. I would appreciate hearing from people about the direction they would like their next government to take. They can reach me at 335-3578.

Sincerely yours,
Donna A. Gole,
Alberta Liberal Candidate
Olds-Didsbury Constituency

History telling questioned

Dear Editor:

Remembrance day again! In my home town of Rocky Rapids there are three names of very young men that gave everything for freedom. It says "Lest We Forget" on the memorial. With a father overseas and a brother in the R.C.A.F., I still did my part by saving silver paper and tooth paste tubes. Canadians did their part.

Because of the close involvement of the family I became a historian of the wars. As I studied hundreds of books I was beset by nagging questions. If the boys at Dieppe didn't have any preliminary shelling and no preliminary bombing and no paratroops dropped behind the lines, how were they to get on the beach and how in the world were they to get off after? Were they suposto (sic) take on the whole German forces for the duration? Or were they to be killed and captured as a sacrifice? This was suposto (sic) be some sort of test of landings but Winston Churchill had already in 1915, had thousands of Australians killed at Gallipoli in a test of this type. Was it done because we didn't have enough

hate in our hearts for the Germans and therefore our boys had to be killed to generate the wish to kill?

When Germany declared war on Poland and then England declared war on Germany and then a few days later Russia declared war on Poland, why didn't we declare war on Russia? Why after the Russians had killed millions of their own people, people in the capitolist (sic) financed Communist revolution did we back "Good old Uncle Joe"? The most hideous killer of the century behind Mao and we became his ally. Thank heavens, the Yalta conference papers that lay out the deal between Churchill and Stalin and Roosevelt are still banned by the Canadian government or we might learn what really went on.

At this time, the despicable Tory government has arrested the foremost historian of the second world war and denied him entrance to Canada. Bernard Valcours, our Immigration Minister, has stopped his admittance to Canada as he was convicted in Germany of sins against the dead or some such nonsense. This

few just happens to be the man who revealed the "Hitler Diaries" they found a few years back were forgeries, so he has been a black sheep for some time. He has written many excellent history books which no one can debunk because they are as close to the truth as one can get. Unlike our Tories, who I question whether they lie to us occasionally or whether they occasionally tell us the truth, David Irving has done exemplary research around

the world. Recently he was allowed to study the volumes of the German concentration camps which had been held in Russia since the war. I believe he was the only historian allowed to travel to Russia to study these volumes. Apparently the totals do not satisfy the claims as laid down by the accepted group. Too bad!

My point is, that many of our people gave their lives for the right of freedom of speech. You

may say any nit wit thing if you wish as long as you don't defame others. Do we just sit by and say, that was then, this is now and let it go at that? Someone said, "to you from failing hands we throw the torch" (sic). I am afraid the chicken-hearted Tories ducked the thing and ran for cover. How can I get my money back from these excuses for Canadians?

Dennis Combs,
Olds, Alberta

Fast involvement encouraged

Dear Editor:

This summer, I had the chance to travel to Thailand with World Vision's 30 Hour Famine Study Tour group. If there is one world that could describe all the feeling, thoughts and overall impressions that I've been left with, it would be: MIRACLE.

Along with the three other Study Tour winners, I had my eyes opened to something I can never imagine losing now, and that's hope.

While on this trip, our group leaders did not focus on one only aspect of poverty, but tried to teach us about the complex social, political and economic aspects involved. Because of this, we were able to more fully understand the situation.

This understanding had another dimension: self-discovery. Now I have a whole new way of looking at life. The 30 Hour Famine and this overseas trip have given me hope and a strong

desire to better the lives of others.

I encourage everyone who can to participate in the 30 Hour Famine this coming February, because I've seen how a little help can be the difference

between life and death. If you want to join, you can call the toll-free number, 1-800-387-8080.

Do it for the love of life.

Sincerely,
Vennie Lau,
Calgary, Alberta

Start continued from page 4

1993.

As I am sure you can tell, many emotions have been bottled up over the past 3 years.

Since the closing of the old pool, many B.O.P. volunteers have come forward to offer support and encouragement. Many have come and gone. Many have been shocked with the seeming lack of commitment from our own community. There are many burnt out, frustrated, over-worked, and basically just tapped-out individuals who have kept this B.O.P. organization going; to them my sincere thanks for all the tireless commitment, understanding and patience, and above all else for the friendships we have made.

These volunteers cannot and will not be asked to do more. As of March 1, 1993 the Didsbury

Build Our Pool Society will be dismantled, disbanded and will cease to exist.

To the people of Didsbury and surrounding areas, you still have the chance to do something substantial and worthwhile in our Community:

3,440 sq. ft. at \$50.00 per sq. ft.

Be on the plaque. Show everyone you cared!

Send your contribution to: Build Our Pool Society, Box 718, Didsbury, AB, T0M 0W0.

October news Midway
Community School

By Steven Cipperley & Christina Page

In October we had a bake sale, a Thanksgiving lunch, and a book fair. On the 7th, six students participated in a cross country run in Didsbury. They all ran great!

Marlene Foster's birthday was on the 1st and Christina Page's birthday was on the 20th. We celebrated Jennifer Fleischer's birthday, which is really on August 11th, as an un-birthday on the 22nd.

We hope you had a safe and happy Halloween!

Third quarter housing starts up

Third quarter national housing starts rose 6.7 per cent from the second quarter of 1992 to a seasonally adjusted annual rate (SAAR) of 176,000 units, reported Canada Mortgage and Housing Corporation (CMHC). Second quarter starts were at 165,000 units.

Improvement in the third quarter was due to higher starts of both single-detached and multiple dwellings, 96,000 units and 80,000 units respectively, up from 90,000 and 75,000 units during the April-June period.

"Third quarter results continued the trend of gradually rising activity evident since the beginning of the year. Higher levels of starts were recorded in all regions, except for Quebec which posted a decline following a strong second quarter surge," said Gilles Proulx, Chief Economist of CMHC's Market Analysis Center.

Ontario starts rose to 60,000 from 55,000 units SAAR during the third quarter. The increase mainly reflects a gradual improvement in single-detached starts, while other types of dwelling construction held steady.

Housing starts in Quebec fell to 33,000 units SAAR, from

45,000 units recorded in the April-June period. The decline was steeper in the over-supplied apartment sector, although all types of construction were lower. Activity began to improve toward the end of the quarter.

In British Columbia, starts jumped to 44,000 units SAAR, up from 35,000 units in the second quarter. The improvements resulted from a surge in multiple-unit construction especially apartments and row units.

Prairie region activity rose to 24,000 units SAAR, up from 20,000 in the April-June period as a result of higher starts in all three provinces: Alberta starts reached 18,000 units SAAR while both Saskatchewan and Manitoba recorded 3,000 units.

Atlantic region starts increased to 15,000 units SAAR up from 10,000 units as activity levels rose to 6,000 units in Nova Scotia, 5,000 units in New Brunswick and 3,000 units in Newfoundland. The annual rate remained at 1,000 units in Prince Edward Island.

On an actual unadjusted basis, construction started on 47,602 dwellings in the third quarter, down 1.8 per cent from last year's third quarter level.

Mount View Lodge news

By Annie Caush

Hi again! Hope everyone survived Halloween. We had a party here in the afternoon. Everyone was recognizable except a "big bad wolf" who appeared during our party. We think she appeared again in another disguise among the ones who came for treats in the evening. Didn't see any sign of tricks around here and we did enjoy those who came for their treats. After our afternoon party we were served birthday cake and ice cream, courtesy of our resident who had a birthday that day.

Speaking of birthdays, there were 9 birthdays in October. The October birthday party was hosted by our auxiliary members who call Didsbury "home"—Mrs. Freida Bartz, Mrs. Marj Leeson and Mrs. Pat Rosenke. The entertainment was provided by a couple of senior citizens from Red Deer—Anna Weibe who played a zither and Mr. Fred Barraclough who recited poetry. Everyone appreciated these folk for sharing their talents with us. After the entertainment all enjoyed the lunch served by the Didsbury ladies. Those celebrating October birthdays were Mrs. Davidson,

NEW LISTING

BETTER LOOK AT ME!

I may not last long. For only \$79,900. I come with the following: Start with 1,124 sq. ft. of living area, three bedroom with a ½ bath off the master bedroom, linen and a living room featuring a fireplace and bay window. Add a sunshiny dining in the kitchen, lots of upgraded cupboards and a developed basement. Not bad! Call Garnet Whalen 335-3377, 335-3557.

NEW LISTING

RAINBOW'S END

One of Didsbury's finest. Custom designed two storey sitting on #1 tee of the golf course. Totally finished throughout with nothing spared. The kitchen is a chef's delight. All bedrooms up feature walk-in closets. The fully finished basement features sunken family room. Qualified purchasers only please. Call Allan Tuggle 335-3377, 335-4974.

NEW LISTING

QUIET CUL DE SAC

Westhill in Didsbury is one of the finest areas and this 1,532 sq. ft. bungalow is one of the reasons why. Three large bedrooms up, 2-4 pce. bathrooms up, sunken family room with fireplace up and basement development down just make this a superb family home. The yard has mature trees front and back & is fully landscaped. Add to all this a unique "two storey" garage with front and rear entrances and you have solid value at \$118,000. Call Allan Tuggle 335-3377, 335-4974.

NEW LISTING

\$19,900. Attractive landscaped lot with an older home (of little or no value) in desirable Northwest Didsbury. Call Garnet 335-3377, 335-3557.

For an accurate estimate of the value of your home with absolutely no cost or obligation, call Dorothy Moore, Garnet Whalen, or Allan Tuggle.

Crime of the week

Crime Stoppers needs your help in solving the theft of tires and rims from the MGM Mercury Lincoln car and truck lot. Sometime between the late hours of Monday, October 19 and the early hours of Tuesday, October 20, 1992, culprits entered the car lot of MGM at 3010 - 50 Ave., Red Deer, jacked up the rear ends of 6 new Ford pick-up trucks, and stole 13 rims and tires leaving the trucks on pre-cut blocks of wood.

The tires were all size P235/75R15—mud and snow—and were either Firestone or general brand. Nine of the rims were factory steel rims and four were deep dish cast alloy. The approximate value is \$6,000.

If you have any information regarding this crime or any other crimes, call Crime Stoppers now at 340-TIPS, that's 340-8477 or call toll free at 1-800-661-TIPS. The calls to Crime Stoppers are not traced or recorded and you never have to give your name or testify in court. Crime Stoppers will pay up to \$2,000 for information leading to the arrest of suspects in any unsolved crime. Crime Stoppers serves all of Central Alberta.

Mrs. Hotel, Doug Burns, Mrs. Rosenburger, Mrs. Leach, Mrs. Bishop, Mrs. Gamble, Mrs. Luckham and Mrs. Jackson. Mrs. Leach had her great-granddaughter Sarah Leach, who shares the same birthday, as her guest.

We're hoping the weather will be nice this Saturday, November 7 for our "Fun Mini-Auction." We hope to see your between 9 and 11 a.m. as we have this time together with all proceeds to go to the Lodge Building Fund.

In hospital we have Mrs. Dawson, Mrs. Ehrmann and Mrs. Young.

We hope to see you "home" soon.

RELIGION

Gospel concert to aid Somalia's hungry

Higher Power, an internationally recorded Edmonton gospel rock group, will be performing live in concert at the Elks Hall in Leduc on Saturday, November 14th to help raise funds for famine-relief in the African nation of Somalia.

In 1988, the band last performed in Leduc to a sold-out audience. This month's performance starts at 8:00 p.m. Advance tickets are \$10.00 each, (\$12.00 at the door), and seating is limited. Proceeds will go to assist World Vision with its lifesaving efforts in Somalia where millions are starving to death due to that country's civil war.

Co-sponsors of the concert are the Leduc Alliance Church and 10 Alberta companies. Tickets are available from the following Leduc businesses: Inner Beauty Hairstyling, Summit

Stylis, as well as from the Elks Hall and Leduc Alliance Church, and Food for Life Bookstore in Edmonton or by calling Mark Anderson at 986-8901.

Higher Power has toured extensively throughout Canada performing a number of benefit concerts since its inception in 1981. The talented six-member band has also been featured on numerous television shows including CBC's Journal and Midday, ACT Teleramas and 100 Hurray Street.

The group's first album, released in 1987 and self-titled "Higher Power", quickly rose to a #9 position for gospel record sales in Canada. The band's latest album entitled "Cast A Light", rose to #5 and was released worldwide by Pan Trax

Records Inc. of Nashville, Tennessee and contains 100% original material. The album is also available on CD and cassette primarily at Christian bookstores and outlets carrying gospel recordings.

Jackson W.I. news

Our October meeting took on a different flavor--in more ways than one. The topic was International Affairs. We met at Kay Unger's home for a 12:30 luncheon meeting that consisted of many foreign dishes that were flavorful, fattening, filling and fun. Several members came in costumes of other countries representing India with saris; Hawaii with colorful muumuus; Norwegian hardanger aprons and Scotch kilts.

There were 20 members present and four guests: Betty Ann Horby, Dianne Howells, Shirley Klys and Linda Jenkins. Though we all felt the call to nap, we proceeded with the meeting. Our president, Joan Foat, welcomed our guests and we then had our roll call. It was "My Favorite Way To Relax." Reading was the favorite with a long bath as second favorite. Our interests were varied with bird-watching, loon watching, eating and listening to classical music.

The minutes as read by Lita Reid were adopted as read. We then had the executive minutes and they were also adopted as read.

From the minutes came the plans for the November 22 Women's Institute Carol Service to be held in the Didsbury Knox

United Church at 2 p.m. with the readers being Dorothy Odell, Kay Unger and Lita Reid. Zella will hostess the service.

The Constituency Conference will be held in the Cremona Gold and Silver Club on a motion by Nellie Davies on April 20th. The District Conference will be held on March 3rd at the Crowchild Inn.

Nellie Davies and Elma Bird have been searching in our old records and albums to obtain the names of old and by-gone members but the list is not yet complete.

A letter from the A.W.I. president, Holly Hallett was read. As usual it was full of news and information that interested everyone present.

We received a letter from Gail Cummings thanking us for the donation to the Parents' Help Library in Cremona School.

The Didsbury Nursing Home Tea will be Thursday, November 26. There are about 50 residents and we will have to provide entertainment for 30 minutes and lunch.

The next meeting will be at Judy Bellamy's home on November 18th and the roll call will be "A Favorite Environment Tip."

See you there!

Hospital volunteer update

The November meeting of the Hospital Volunteers was held Thursday, November 5 with the president, Hazel Milne chairing.

Ten members answered the roll call. Plans for the Christmas Bazaar, to be held Friday, December 4, were finalized. Members were asked to bring two items of baking for the bake sale and handicraft items for the craft table. Tea and cookies will be served as usual. The NUTMAN will be at the Active Hospital that day from 10 a.m. to 4:30 p.m. as well. Posters announcing the event will be made by Helen Brown and Doll Ahlgrim. Tickets for the raffle were distributed to the members to be sold by them.

It was decided to purchase an easy chair for the respite room. Clubs wishing to help in this venture may give a cash donation. Dora Johnson presented two afghans donated by Mrs. E. Allen, one to be sold in the Gift Shop and one to be placed in the respite room.

It was decided to spend \$150.00 on items for the New Year's baby.

Hazel Milne will present the wreath at the Memorial Day service and \$25.00 was donated

for this cause.

Annie Pringle, Gwladys Bogner and Hazel Milne reported having found the Wellness for Women Conference in Edmonton both profitable and enjoyable. Several tapes of the better addresses were purchased and will be used during the year by the Volunteers and other clubs as

they desire.

The December meeting will be a potluck supper beginning at 6:30 p.m. All members are welcome to bring a friend as well.

The president closed the meeting by reading "In Flanders Field."

Hannah Neufeld served a delicious lunch.

Royal Purple news

By Helen Newton, Irene Dickau and Mary Dunn

Past District Deputies Elinor Clarke and Irene Dickau, Past Honored Royal Ladies Helen Newton and Hazel Milne, Ladies Betty Persinger and Marg Phillips all went to Sundre for their Past Honored Royal Ladies Night and to meet Supreme Honored Royal Lady J. Leeva Kolb.

We enjoyed the meeting and the fun they had for entertainment.

Past Honored Royal Lady Betty Casebeer and Lady Vi Baillie went to Acme to a crib tournament on Oct. 24th. A special meeting was held on October 28.

We had a practice for our District Deputy night.

Judiciary report and bylaw changes were read by Past District Deputy Marjorie Dowell. Twentieth anniversary spoons and lapel pins are now available. Anyone wishing to purchase these can contact Past District Deputy Marjorie Dowell.

Our next meeting will be on November 18. Potluck supper at 6 o'clock for District Deputy Verna Lupuliak from Calgary Nov. 7.

It was reported that Lady Hester Baillie is home from the hospital.

Get well wishes to Past Honored Royal Lady Tona Sheils who was in the hospital, but is back home now and to Lady Gayle Heinz who will be having surgery in Red Deer.

Meeting closed at 10:45.
